Deferral Agreement v.2017.08.14 (NDEP redline).docx

Good Afternoon,

Attached please find NDEP's latest revision to the Deferral Agreement. The attached document is identical to the August 10<sup>th</sup> draft except for revisions to Section II(D)(1). In this draft, NDEP has reinserted EPA's text defining the boundaries of the Site, but kept its revision to the second paragraph, which states as follows: "The CERCLA-equivalent RI/FS and remedial selection process will comply with sections 121(b) and (d) of CERCLA and the NCP at 40 C.F.R. §§ 300.430(d-f)." As to the revision to the second paragraph, NDEP believes the citations to CERCLA and the NCP capture each of the elements addressed in EPA's previous draft of this paragraph. Please feel free to contact my office, if there are any questions related to the attached document or the proposed revisions.
